## 1. NATURE AND CONTINUANCE OF OPERATIONS

CMC Metals Ltd. (the "Company") is incorporated in the Province of British Columbia and its principal activity is the acquisition and exploration of mineral properties in Canada and the United States of America. The Company is listed on the TSX Venture Exchange ("TSX-V").

The head office, principal address and records office of the Company are located at 605 - 369 Terminal Avenue, Vancouver, British Columbia, Canada, V6A 4C4.

These condensed consolidated interim financial statements have been prepared on the assumption that the Company and its subsidiaries will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the ordinary course of operations. Different bases of measurement may be appropriate if the Company is not expected to continue operations for the foreseeable future. As at December 31, 2015, the Company had not advanced its properties to commercial production. The Company's continuation as a going concern is dependent upon the successful results from its mineral property exploration activities and its ability to attain profitable operations and generate funds there from and/or raise equity capital or borrowings sufficient to meet current and future obligations. These uncertainties indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. Management intends to finance operating costs over the next twelve months with loans from directors, by continuing to pursue additional sources of financing through equity offerings, seeking joint venture partners to fund exploration, monitoring exploration activity and reducing overhead costs.

As a result of the Company not making the required principal, interest and extension fee on the Promissory Note (Note 7), the Promissory Note is in default as at December 31, 2015, and the date of the approval of these condensed consolidated interim financial statements. The Promissory Note is secured by a deed of trust related to the Radcliff Property (Note 4), the Company's primary project. Within the going concern assertion it is presumed that the Company will be able to remedy the loan default and retain its interest in the Radcliff Property.

# 2. SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

The financial statements were authorized for issue on February 29, 2016 by the directors of the Company.

## Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and Interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC"). These unaudited condensed consolidated interim financial statements have been prepared in accordance with International Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by the IASB and interpretations issued by the IFRIC and should be read in conjunction with the consolidated financial statements as at September 30, 2015.
